- Strong Communication

## EDUCATION

### SECONDARY SCHOOL

Ayranci Aysel Yuceturk High School
2019-2023

### ASSOCIATE OF SCIENCE

De Anza College
2023 - 2025

## PROFILE

My name is Yigit Eren Arslan, and I am a 19-year-old Computer Science major at De Anza Community College. I ranked 3000 out of approximately 3 million participants in Türkiye's highly competitive university entrance exam, highlighting my strong academic abilities. Currently residing in Cupertino, CA, I am actively engaged in volunteer activities. These include working as a hardware and software technician in the De Anza College computer lab and mentoring middle school students, helping them develop their social, academic, and moral skills.

## EXPERIENCE

### MENTTORSHIP

BAYCC

2023-2024

- Organized and led group activities to enhance social skills and foster teamwork among students.
- Guided students in developing strong moral values and positive behavior through regular counseling and role-modeling.

### COMPUTER LAB TECHNICIAN

De Anza College

2024 - present

- Hardware & Software Installation, Troubleshooting & Repair
- Installed and tested Windows 10, application software, requisite drivers.
- Diagnosed and troubleshot software and hardware issues.
- Refurbishing and repairing computers for needy and disadvantaged students
